ARRESTED IN WESTERLY

John Di Fonti Whose Alleged Poisoned Whiskey Caused Death of Michael Riley—Judge Peabody's Move for Direct Election by the People—Town's Sound Financial Condition—Joseph H. Jewett Recalls Valiant Service of Minute Men

Notwithstanding the fact that the Westerly town council has heretofore appointed the judge of probate, it is evident that the claim of Judge Thomas H. Peabody, the prohibition nominee for the office, that the judge should be elected by the people in the June election, has weight with the republican party managers. This is demonstrated in the action of the town committee in recommending as a precautionary measure the re-nomination of Judge Edward M. Burke by the republican caucus. This will result in the nomination being placed in the regular ballot to be voted in the June election. Should he be re-elected the town council will probably also re-elect the judge in order that there could be no doubt as to the title of his office.

The town committee will recommend to the republican caucus, Thursday evening, the re-nomination of these officers. For moderator, Eugene H. Pendleton; town clerk, Everett E. Wigglesworth; town councilmen, William J. Clarke, Albert H. Langworthy, C. Clarence Maxson, Wayland A. Saunders, William Culley, Maurice W. Flynn, George E. Burdick; town treasurer and collector, James M. Pendleton; school committee, J. Howard Morgan; H. Spicer; and Edward M. Burke; overseer of the poor, Elery Barber; judge of probate, Edward M. Burke.

Ten years ago the amount of real estate in Westerly was \$5,505,500, at present \$6,041,900, an increase of \$536,400. The amount of personal property ten years ago was \$1,087,500, and at present \$1,230,000, an increase of \$142,500. The total amount of tax collectible ten years ago was \$52,777.28, and at present the amount is \$58,887, an increase of \$6,109.72. The total tax assessment was \$5,597,100, as against \$7,925,900 now, an increase of \$1,328,800.

Ten years ago the rate of taxation was eight cents on each \$100 assessed, now the rate is \$1.00, an increase in taxation of seventy cents. During that period the town has been greatly improved in all respects and public conditions are not to be compared with those that existed ten years ago.

As to the people voting direct for judge of probate, there is little to be some preliminary legal squabbles. In accordance with the long established precedent, it is likely that the town clerk will decline certificate for the placing of the name of judge of probate on the official ballot.

While a member of the town council, Thomas H. Peabody, also served as town clerk, succeeding Judge Burke, who, in turn, succeeded Judge Peabody. Both gentlemen are familiar with the duties of the office, and there has been no fault with the present administration of the court. Judge Burke is a republican, and Westerly is the strongest kind of a republican town. So, if the office is to be halloped for, and Judge Burke receives his party vote, he will remain in office. Judge Peabody is the prohibition nominee, and even should the democrats endorse the nomination, the total natural vote of both parties would not equal the vote of the republican party. Therefore, Judge Peabody's only chance of election would be by republican votes.

Westerly pupils continue to make creditable showing in the nationally conducted in the School Arts Guild. Among the winners of the latest awards are Claudio Corbitt of the Quarry Hill School, and Dorothy Langworthy of the Park avenue school. Honorable mention.

tion was given the work of Will Car-nagham, Gardiner Hill, Gilbert James, Mildred Langford, Thomas Pignatari and Katherine Wells.

Acting under direction of Coroner Cross of the town of Charlestown, Constable Henry Hoxie came to Westerly Tuesday and made application to Judge Peabody for a warrant for the arrest of John Di Fonti on the charge of manslaughter in causing the death of Michael Riley, for selling him whiskey which was largely composed of wood alcohol, which he drank and soon afterward died.

This is the outcome of the inquest held by Coroner Cross, who ascertained that the whiskey sold to a son of Riley for his father's use contained wood alcohol, as demonstrated by analysis by Professor Whitney of Harvard medical school, who also found traces of wood alcohol in the stomach and blood of Riley.

The writ for the arrest of Di Fonti on the charge of manslaughter was issued early Tuesday afternoon, and Constable Hoxie, accompanied by Constable James W. Burke of Westerly, started for the home of Di Fonti to make service and arrest the accused, who is employed in the town of Westerly. He was brought to Westerly late in the afternoon, and was arraigned at a special session of the Third district court Wednesday morning at 9 o'clock.

John Cisco and his wife, Caterino Cisco of Westerly, who were held on the charge of manslaughter in causing the death of Daniel T. Sullivan by selling him wood alcohol, and whiskey, and who are out on bonds of \$5,000 each, will probably be given a hearing at Friday's session of the Third district court.

Judge Edward M. Burke held regular sessions of the Third district court, Tuesday afternoon. Ernest Champlin rendered first account of the estate of Samuel Champlin, which was approved and ordered rendered.

Bertha M. Krebs, administratrix of the estate of Edwin D. Krebs, petitioned for an allowance of \$25 a month from the estate for support of family pending settlement, which was granted.

In the estate of Leon W. Saunders, Wayne, who had petitioned for the permission to sell real estate for the benefit of his wife, who is his brother, Judge S. B. Lewis, who represented John Curry, the bondman, stated that no account had been rendered and such a report should be made before any more of the real estate be allowed to be sold, especially as the bondman could get no satisfactory information from the administrator. The bondman had no desire to make trouble for the administrator, but believed report should be made, especially as none had been made since appointment in 1906.

Judge Sweeney, in behalf of the administrator, stated the administrator would file account by next regular court session. The petition was granted and bonds were fixed at \$500. The will of James Barber was admitted to probate. The will recites that nothing is bequeathed to his three children, as they had been provided for prior to the execution of the will, which is dated 1878.

His estate is given to his wife, Sarah Frances Barber, who is named as executrix. Mrs. Barber was named as executrix. Bonds were fixed at \$10,000. Charles A. Morgan, Russell B. Smith and Harold Kenyon were appointed as appraisers.

The time for the filing of the inventory of the estate of Charles P. Chapman was extended to June 27.

Release and receipts from heirs of the estate of Benjamin W. Bentley were received for record in favor of B. Court Bentley, administrator.

The inventory of the estate of Eliza L. Clark was received and ordered recorded. The inventory of the estate of Charles E. Segar was also received for record, the inventory showing a valuation of \$4,000.

The representation of insolvency and the appointment of commissioners in the estate of Milton A. Young was continued to June 21.

The recent death of Benjamin F. Jacques in Norwich recalled an incident in connection with the civil war. Mr. Jacques was a resident of Westerly. Eugene Nash of Putnam and Warrington D. Roach of California were members of Company C of Norwich in the Second Infantry regiment the first company to go to the front for service. They were four men were tent mates, and the three last named are believed to be the only surviving members of Company C. It so happened that Messrs. Nash, Roach and Jewett were deep-sea sailors before the war. Roach and Jewett having been shipmates.

Mr. Jewett formerly resided in Norwich, leaving the city about thirty years ago to engage in business in Providence, and has been a resident of Westerly for many years. During the war Mr. Jewett served in the Second Connecticut, in the navy, and in the Twenty-sixth and Eighth Connecticut regiments, being first lieutenant and adjutant of the latter command.

Mr. Jewett says there has never been a reunion of the "Connecticut Minute Men, the three months' men in the civil war, perhaps for the reason that many of the survivors are now old men, and the forty-ninth anniversary of the battle of Bull Run, in which Connecticut's first troops in the civil war participated.

Local Lazarets.
Capt. H. H. Hottel has signed the lease for the Watch Hill wharf, thereby agreeing to the stipulations, and the threatened injunction was not put into force.

A motion for non-suit has been granted in the case of Angelo Turdo against the Lorraine Manufacturing company. The plaintiff was burned when his own car was on fire in the plant in Mechanic street and sought to secure damages.

The insurance adjusters have made satisfactory settlement with Albert L. Castrius, the jeweler, one of the tenants in the Barre Mercantile building. Mr. Castrius has leased the store recently vacated by John Leslie in the Hinkley & Mitchell building.

A Coincidence.
It is certainly an odd freak of chance that the so-called "return from Eliza" should eliminate on the anniversary of the battle of Waterloo, St. Louis Post-Dispatch.

Hardly Believable.
Over in Boston they don't seem to believe the story that R. R. is merely one of Uncle Tom Platt's mistakes. Chicago Tribune.

BRIEF STATE NEWS

The Blind Senator's Message.
The message of Senator Gore of Oklahoma to the blind pupils of the New York public schools is a Sunday sermon to touch the heart. Senator Gore is himself blind, and has been blind from childhood, but he has been successful in life and has achieved his merits in the senate of the nation.

He is wise enough to suppress in a manner that is pathetic to those who can read between the lines all that is discouraging or sad, and to use his power to stimulate the slightest people to hopeful effort. Readers of this letter should not forget that they have two eyes and many other blessings to be thankful for. Senator Gore wrote as follows:

Dear Little Friends: This note will bring you greetings and a message from one who has the highest and the most confident hope for your happiness and your good fortune. If you are undismayed by difficulties and triumph over them your victory will be enhanced both in its worth and in its glory. Sincerely your friend,
THOMAS F. GORE.

SUPERFLUOUS

HAIR REMOVERS

The New York World, in Commenting Upon Unscrupulous Manufacturers of Them, Says:

"The fake put on the market in the last ten years have numbered their victims by the tens of thousands. Empty promises have been made by scores of promoters in the hope of getting the money. The marvel is that woman has not become so thoroughly disgusted as to reject all treatments for good."

"But the hope for a remedy was not in vain, and the credit of coming to her assistance fell to an American. Only a few years ago the now well known De Miracle treatment was brought forth and it proved to be a revelation to modern science. A representative of the New York World investigated the discovery and the methods by which it was introduced to the public. He found exhaustive tests have shown it to be the long desired, reliable, safe, and effective remedy which to destroy the growth of hair. Those who put it before the public knew the hair growth could be destroyed by the use of caustic chemicals and leading magazines devoted to women's affairs, such as making a prospective customer a special offer of personal treatment, succeeded in their efforts to win the confidence of those interested, and in the end they were successful."

"What is more to the point, it has been endorsed by prominent physicians and leading magazines devoted to women's affairs, such as making a prospective customer a special offer of personal treatment, succeeded in their efforts to win the confidence of those interested, and in the end they were successful."

"Only the result of repeated chemical experiments and a thorough knowledge of the origin of all hair growth could stand against the investigation of such authority. The De Miracle Chemical Company is open and above board in every detail. The ingredients are not just claimed, but are proved by the part of the 'paper' disclosed the fact that they are published and sent broadcast, with the identity and address of the writer or publisher added. This is the stumbling block of all so-called remedies. A reputable member of the medical profession would never give a fake, and the voluntary praise given through these channels is not to be identified with anything but the truth. The De Miracle Chemical Company is a reliable and trustworthy hair remover sold by Porteous & Mitchell."

The complete article of the New York World and editorial in the De Miracle Chemical Company, with our well known publications, with our booklet containing testimonials will be mailed free in plain sealed envelope on request.
